Where Tunney
Will Marry

SMITH 'WET' STAND SCORED BY BAY BAPTIST CONCLAVE

BEAUTIFUL waterfront at Sorrento, Italy, the city in which Gene Tunney and Polly Lauder (insets) are to be married early next month. The retired champion is now in Europe where he figured in an automobile accident yesterday. His fiancée is on her way across the Atlantic.

Tunney Wedding Plans Take Shape

ROME, Sept. 29.—UP—With the help of the American diplomatic corps, the assistance of a few public officials, and the co-operation of his friends in the church, Gene Tunney's wedding plans began to take definite form tonight.

The retired heavyweight champion, it will be recalled, is engaged to Miss Mary Josephine Lauder, American heiress, who is now enroute to Italy for the ceremony.

The ceremony probably will take place early in October, according to present plans, and

Marin Bridge Site Proceedings Opened

Following settlement of differences between opposing factions for a Richmond-Marin county bridge, proceedings have been started for a permit to construct an automobile toll bridge from the Richmond shore to Marin county. Oscar H. Klatt, president of the American Toll Bridge company will make the application.

Although eight tentative sites for the bridge are proposed by Klatt they plan to use only one. The eight proposed bridgehead sites lie between Point San Pablo and Molato Point, about one mile to the south. All of the sites are more than a mile north of the site

Selvy Recovers From Accident

H. R. Selvy, Richmond drugist, who broke his left leg a month ago is now able to be back in his drug store, Sixteenth street and Macdonald avenue. The leg is still in a cast. Selvy had a narrow escape from death when he fell 30 feet from a windmill ladder. A wire broke his fall.

Meese Head Of State Assessors

Assessors Association of California in annual convention in San Bernardino yesterday elected George O. Meese, assessor of Contra Costa county, president of the organization for the coming year, according to word received here.

REDUCTION IN POWER COST MONDAY

Rate schedules making effective changes in electric rates for Richmond consumers of the Pacific Gas and Electric company will become effective Oct. 1, according to George Rooker, local manager of the company.

Under these new schedules the minimum charge for lighting consumers in the city of Richmond will be reduced from \$1.00 a month to \$0.50 per month.

As an indication of the effectiveness of the reduction, Rooker says: "Domestic consumers formerly using 50 kilowatt hours of electric energy paid \$3.50 a month. Under the new schedule that customer will now pay \$2.70, a saving of 80¢ a month of \$9.60 a year, which is more than the amount of 2 1/2 months' bill under the old schedule."

"Commercial lighting consumers formerly paying \$16.50 for 300 kilowatt hours of electric energy will now pay \$14.50, a saving of \$2.00 per month or \$24.00 per year."

"A substantial cut was made in street lighting rates which will result in a saving of over \$3,000 per year to the City of Richmond for that class of service."

"The Company's object in reducing its rates is primarily to encourage a greater use of electricity, particularly in the homes. Through these reduction in rates the company is of the belief that a portion of the loss in revenue will be offset by an increase in usage of electric energy. These reduced rates will make it possible for consumers to use to a greater extent the modern, convenient, labor saving electric appliances and new improved lighting equipment."

Mr. and Mrs. George Black have left this week for a two week's vacation in Lake county. The Black home is 422 Twenty-second street.

TREASURER OF MISSIONS IN NORTH

WINNIPEG, Can., Sept. 28.—UP—Clinton S. Carnes, missing treasurer of the Home Mission board of the Southern Baptist convention, Atlanta, Ga., was arrested by Winnipeg police late this afternoon. He is being held pending word from the southern city.

Carnes is said to have disappeared on discovery of a shortage in his accounts of over one million dollars. Winnipeg police have been on the lookout for him for some time, having been advised that he was making his way toward the Canadian border.

He admitted his identity when arrested, but would not discuss the case.

Chief of Police Newton was unable to state if Carnes was accompanied to Winnipeg by a woman. Carnes is lodged in a cell at the police station and will likely appear in police court Saturday morning. This will only be a formality, however, and he will be remanded until extradition proceedings are taken. This may not be necessary as he can be deported by the immigration authorities and handed over to American officials at the border. This is the simplest procedure and usually accepted in cases of this kind.

A. C. BURDICK HEADS SCOTS

A. C. Burdick was elected Toparch and A. C. Curtis Chanslor at a special meeting of Richmond Scots called last night in Richmond clubhouse by Past Toparch George Lohrer.

Installation of officers is scheduled for next Friday night when the Scots and their families will be entertained with a program and special meeting. Burdick is in charge of the program.

Mate Threatens To Turn Snakes On Fleeing Wife

LOS ANGELES, Sept. 28.—(UP)—Threats of her husband to turn two rattlesnakes on her sent Mrs. Marie Hoffman fleeing from their home in San Gabriel canyon today. As she ran, suffering from bruises inflicted with a baseball bat, he hurled rocks at her, she told officials.

The woman ran miles to a trolley line and then boarded a street car and was admitted to general hospital.

Bus Driver In Speeding Net

MARTINEZ, Sept. 28.—Harry Willis, driver of a California Transit company stage on the Martinez-Stockton run, was arrested yesterday afternoon charged with driving his bus 45 miles an hour. Willis claimed that he was late on his run and "speeded it up" to make up lost time. He was trailed by Capt. George Bejon of the state traffic police who made the arrest near Bay Point.

KENSINGTON TO BOLT SCHOOL DISTRICT

Residents of Kensington Park have taken steps toward withdrawing from the Richmond school district and forming a separate district as a result of the decision made by W. H. Hanlon, county superintendent of schools, in regard to the present school controversy.

This was admitted last night by Frank Kleiberger, resident of Kensington Park, who stated that the property owners on the hill section were studying the present situation for the purpose of presenting a petition to residents for the establishing of a separate school district.

BERKELEY BALKS

The recent controversy arose over parents of 27 school children of Kensington Park refusing to send their children to Richmond Junior high schools. In the past the children have been attending secondary schools of Berkeley. Berkeley refuses to continue accepting the pupils unless tuition is paid for them and the Richmond school board has decided not to pay tuition in the Berkeley schools since adequate facilities for educating the children are provided in the local schools.

Walter T. Helms, superintendent of schools, declares that he does not propose to engage in any further controversy on the matter since Hanlon's decision is final. He called attention to the fact (Continued on Page 5)

M. J. Pritchard Dies In Home Near Santa Rosa

M. J. Pritchard, 65, former pioneer resident of Point Richmond, died yesterday at his home outside of Santa Rosa following a long illness. He is survived by his wife, Bessie.

Pritchard was employed here in the Santa Fe shops until he and Mrs. Pritchard moved to Santa Rosa a few years ago. They resided on Cottage avenue here.

'MODIFICATION' OF DRY LAW SCORED

Scoring Alfred E. Smith, democratic presidential nominee, for his stand on the prohibition question and taking a definite stand as being opposed to modification of the eighteenth amendment, some 700 members of the San Francisco Baptist association in session here for their seventy-eighth annual convention, yesterday passed resolutions against a "wet" president. The two day convocation came to a close last night.

Declaring that the prohibition amendment would be "nullified on the cross of non-enforcement" under such a president, the resolutions call upon the state to amend the constitution to read that a "wet president" could do no harm.

RESOLUTION ADOPTED
We stand emphatically for the principle of prohibition and for the total enforcement of the Eighteenth amendment. This amendment unlike any other, specifically makes it the duty of the states as well as of congress to enforce by its legislative and executive authority this particular amendment. This was a wise consideration. (Continued on Page Eight)

BUILDING TOTAL FOR MONTH \$100,375

Building permits to date for the month of Sept. amount to \$100,375, according to the figures of City Building Inspector A. J. Hurley.

While the amount is less than for September, 1927, which totaled \$149,900, it compares favorably since \$49,000 of Sept. last year was for the building of the First Baptist church.

Thirteen homes costing \$48,100 and three apartment houses amounting to \$32,500 were started, during the last month, making a total of \$80,600 for residence construction. Permit for one small building amounting to \$9,800 was issued. Minor permits for the month amount to \$9,975.

Telephone Firms Get Bond Permits

SAN FRANCISCO, Sept. 28.—(UP)—Authorization to the Southern California Telephone and Telephone company to issue \$38,913,100 of common capital stock and to the Home Telephone company of Pasadena for an issue of \$3,826,500 was made by the State Railroad commission here today.

The commission also authorized the Pacific Telephone and Telegraph company, parent of the two Southern California firms, to acquire both stock issues to reimburse itself for money and notes given to the subsidiaries.

Man 60, Loses In Love, Ends Life

LOS ANGELES, Sept. 28.—(UP)—Standing beside a farewell message to his sweetheart, Paul Allen, 60, today shot and killed himself. "We can't be together, I will say goodbye" he had written to "Edna" residing at 726 Second street, San Bernardino.

El Cerrito 'Gift' Case Discussed In Final Report

MARTINEZ—Sept. 28.—Urging that close economy be practised in all county affairs, that costs be kept at a minimum and a change in county hospital management, the county grand jury impanelled for the last 14 months filed its report with Superior Judge L. V. Aice yesterday afternoon and was discharged.

In presenting its economy plan the jury pointed to increases in budgets asked by virtually every county official and department. A discussion of the El Cerrito "gift" case, housing conditions at the county jail and praise for the county school system are among the outstanding features of the report.

EL CERRITO CASE

Touching on the so-called "El Cerrito" gift case the report points out that insufficient evidence was laid before the body for an indictment. The case involved the sending of money through the mail supposedly in connection with street improvement work. The jurors urge that a lacking knowledge of any cases of graft or irregularity be reported immediately to the district attorney to permit a successful investigation.

The report requests that the superintendent of the county hospital either be removed or provided with other employment than placing of warning signs on all "slow" turns and right angled turns, and additional boulevard stop signs on rural roads is urged in the review of the highway situation.

Anglo-French Naval Pact Rejected By U.S.

WASHINGTON, Sept. 28.—(UP)—Politely but unmistakably rejecting the Anglo-French Naval agreement plan as a basis for further discussion of naval limitation, the United States tonight made known its willingness to continue "to use its best efforts" to solve the increasingly complicated naval arms problems.

In identical notes to Great Britain and France, answering requests from these governments for

"observations" on the Anglo-French agreement, Secretary of State Kellogg emphatically declared the new plan "is even more unacceptable than the proposal put forward by the British delegation at the Geneva conference last year. Approval of the plan "would inevitably lead to a recrudescence of naval competition disastrous to national economy," the note suggested.

Smith Urges U. S. Power Ownership

ABOARD GOVERNOR SMITH'S SPECIAL TRAIN ENROUTE TO MILWAUKEE Sept. 28.—(UP)—Gov. Alfred E. Smith declared for government operation at power sites still owned by the government "where it is feasible," in a further analysis of his views upon the water power issues as he travelled today to Milwaukee for the last speech of his western tour Saturday night.

"I believe that the government ought to keep the control of the

plant and operate it where it is feasible to do so and deliver the energy to the company under a contract that gives the government something to say about rates," he said.

His declaration, made in a press interview, represented the most advanced position he has taken on this issue. Waterpower is a big issue in Wisconsin, as well as in the western states through which the democratic candidate has been traveling on this tour.

STATE SHOULD CONTROL

The California State Federation of Labor is to be highly commended for the good judgment it displayed recently in Sacramento in adopting a resolution endorsing legislation that would eliminate the present "double-headed" system of traffic enforcement in California by substitution of a strong centralized force of traffic officers controlled and directed by the state.

By the action taken this great federation, representing more than 100,000 unionized workers, placed itself squarely on record as favoring immediate steps to reduce the awful toll of dead and injured on our highways. Nor will the stipulation added to federation resolution, that the traffic officers shall never be used for any purpose except traffic enforcement vitiate the endorsement. This principle is already established in the motor vehicle act, making it absolutely impossible to use the traffic officers for strike duty or any other purpose except highway patrol.

Under the present arrangement California's traffic force is divided into county squads who, through a doubtful contract arrangement, work under the direction of the state motor vehicle department. The officers are picked by the boards of supervisors and their appointments are confirmed by the state department.

It needs no mind of great intelligence to see this is wrong. Efficiency cannot be gained when traffic officers are compelled to serve two masters; to turn to two different sources for their orders. Nor should any officer's authority be confined strictly to the county in which he happens to be working. It is obviously ridiculous that he should chase a traffic violator to the county line and then be compelled to lose him because of lack of authority to cross that line.

Legislation is to be introduced at the coming session to remedy this situation. It had already been endorsed by the California Development association, the California League of Municipalities, the California Supervisors association and many other important bodies.

A COURAGEOUS CANDIDATE

At Montello, Nevada, a proud mother held up her baby for Mr. Hoover to kiss. He refused to do it, declaring flatly that he would kiss no baby for publication. If a candidate has the courage to declare himself thus on the baby kissing issue, he has the courage for anything. He does not wish to kiss strange babies, he knows that they do not wish to kiss him and he puts human rights above mere political expediency. After this exhibition of high moral courage we are very sure that Mr. Hoover will not dodge a single issue on Nov. 6.—*Columbus State Journal*.

The fact that Hoover has emphatically declared himself in favor of the protective tariff, with strengthening where needed to help American agriculture and industry, is a good indication that he is above all an American not only by birth and ancestry but in thought as well.—*Oil City Buzzard*.

Politics must lay a restraining hand on the shoulder of Herbert Hoover or the world's most noted reliever of suffering will play hooky to take up the problem of feeding the starving victims of the West Indian hurricane.

BEAUTY

Why do girls think it's smart and attractive to go without stockings on the street? It is easy to understand how comfortable it is in warm weather, but it certainly is as ugly a style as we have been treated in some time.

Personally, I have never approved of the wearing of sleeveless dresses for street wear although the custom is very common today. Sleeveless dresses are intended for other sport or formal wear and in for street attire.

But arms are at least quite often attractive, whereas unheeled legs are a blot on the landscape. A sheer silk stocking is flattering to the homeliest leg, but these appendages in all their nudity are nothing to write home about. Even carefully shaved and powdered they aren't anything to boast of.

For some years many girls have subscribed to the fad of bare legs with evening clothes and if they could only have a close-up photograph of them after two or three dances they would rush to the nearest hosiery shop and lay in a good supply of sheer silk stockings. Darning tends to make the feet and ankles look red and swollen.

1ST CHRISTIAN WINS HONORS AT C. E. MEET

With fourteen members of the Intermediate Christian Endeavor of the First Christian church and their leader, Mrs. Aldis Webb, present at the meeting last night of the Contra Costa county Christian Endeavor convention in Martinez, the banner for attendance was presented to the group.

Stegge Intermediate society headed by Phyllis Hulet and 12 members ran a close second in the race for attendance. Several representatives were also present from the Intermediate Endeavor of the First Presbyterian church here.

STEGGE CHURCH WINS
Before the official opening of the convention it was announced that Stegge Presbyterian church representatives had received first prize for pre-convention registration with 60 members reporting intentions of attending the session.

Stegge is particularly interested in beating all records for attendance in view of the fact that if given high place in attending all meetings, the church will keep permanently the silver loving cup which they have held for two years already. The results will be known Sunday night when the meet closes.

TODAY'S PROGRAM
On the program for this morning's session is Bible study, followed by addresses presented by Paul Brown, secretary of the Pacific Coast organization and Ray McCaffee, state crusade superintendent.

In the afternoon are conferences and a program to be given by the Juniors. The convention banquet is scheduled for 6 o'clock tonight.

Chief speaker of the evening is Paul Brown.

Cats Blamed For Pheasant Losses
MADISON, Wis., Sept. 28.—(U.P.)—House cats have killed more pheasants in Wisconsin this year than any predatory wild animal, according to W. B. Grange, game superintendent of the state conservation department.

Grange holds there are only two good cats anyway, those that stay home and dead ones.

"The common house cat is one of the worst enemies to the increase of game birds and small game animals in Wisconsin," he states. "Especially is this true of cats which have strayed or which have been abandoned in woods by their owners. They invariably revert into the worst kind of predatory animal, at least as far as birds and small game are concerned."

Mandarin Cloak Falls Under Ban Of Nationalists

PEKING, Sept. 28.—(U.P.)—The mandarin cloak, an indispensable part of the dress of Peking gentlemen for centuries, is regarded unfavorably by the Nationalists as a symbol of monarchical days and it appears that styles in dress for men will be radically changed as a result.

A few cases have been reported where men who wore such cloaks in public were abused, and extremists even slashed their cloaks with knives. However, the Shansi garrison commander has warned against such action. He has told enthusiasts they can show their disapproval by more dignified means.

—RAGS WANTED—

Consider Richmond!

When "Big Business" deliberates on the proper location for a new Pacific Coast manufactory more and more the decision has become "RICHMOND." Successively the Standard Oil Company, Santa Fe Railroad, the Pullman Company, Proctor and Gamble, Certain-teed Products, Giant Powder Company, Standard Sanitary Mfg. Co. and Ford Motor Company have made the decision to locate their factories here. Why? To answer that question is to acknowledge the desirability of living in Richmond from a spiritual, physical or economic standpoint.

Those who live in Richmond may well consider the advantages we possess by living here... our climate cool in the summer, pleasant in the winter... very little fog... our wonderful schools including the half-million dollar high school... our teachers and our preachers... our churches... our playgrounds... the Memorial Building and Civic Hall... our superior Municipal band... high class stores... desirable apartments... pleasant homes. Don't sell short on Richmond. It's a good city to live in.

CARDS HOLDING LEAD OVER GIANTS

By GEORGE KIRKSEY
(United Press Staff Correspondent)
NEW YORK, Sept. 28.—(U.P.)—The New York Yankees today won their sixth pennant in eight years and their third in a row.

By defeating the Tigers at Detroit, 11 to 6, the Yankees clinched the American League pennant and won their 100th victory of the season.

Even should the Yanks lose the two remaining games and the Athletics win their two, New York would finish a half game ahead.

Because one of the Athletics games with the Boston Red Sox was dropped from the schedule when no open date was found in which to play it off, Philadelphia cannot tie the Yankees by any combination of events.

CARDINALS LEAD
The St. Louis Cardinals clinched the national League pennant by defeating the Boston Braves in a 15 inning game at Boston, while the New York Giants lost to the Chicago Cubs at the Polo grounds, 7 to 5.

Two games behind the Cardinals, the best the Giants can do is tie for the pennant by winning their two remaining games if the Cards lose their two.

The Cardinals can clinch the national League flag Saturday by defeating the Braves, or should they lose to the Braves, a defeat for the Giants would give the Pennant to the Red Birds.

GIANTS OUT
Any chance the Giants may have had to tie for or win the championship was dealt a double blow today. John McGraw's band of stalwarts not only were beaten on the ball field but they had another bitter dose handed them in the form of President John Heydier's decision upholding Umpire Klem's verdict over the Hartnett-Reese collision in the first game of Thursday's doubleheader.

The Yankees' comeback during September after they had sloughed off a 13 1-2 game lead during July and August and allowed the Philadelphia Athletics to overtake them Sept. 8, is a record of one of the greatest fights in baseball history.

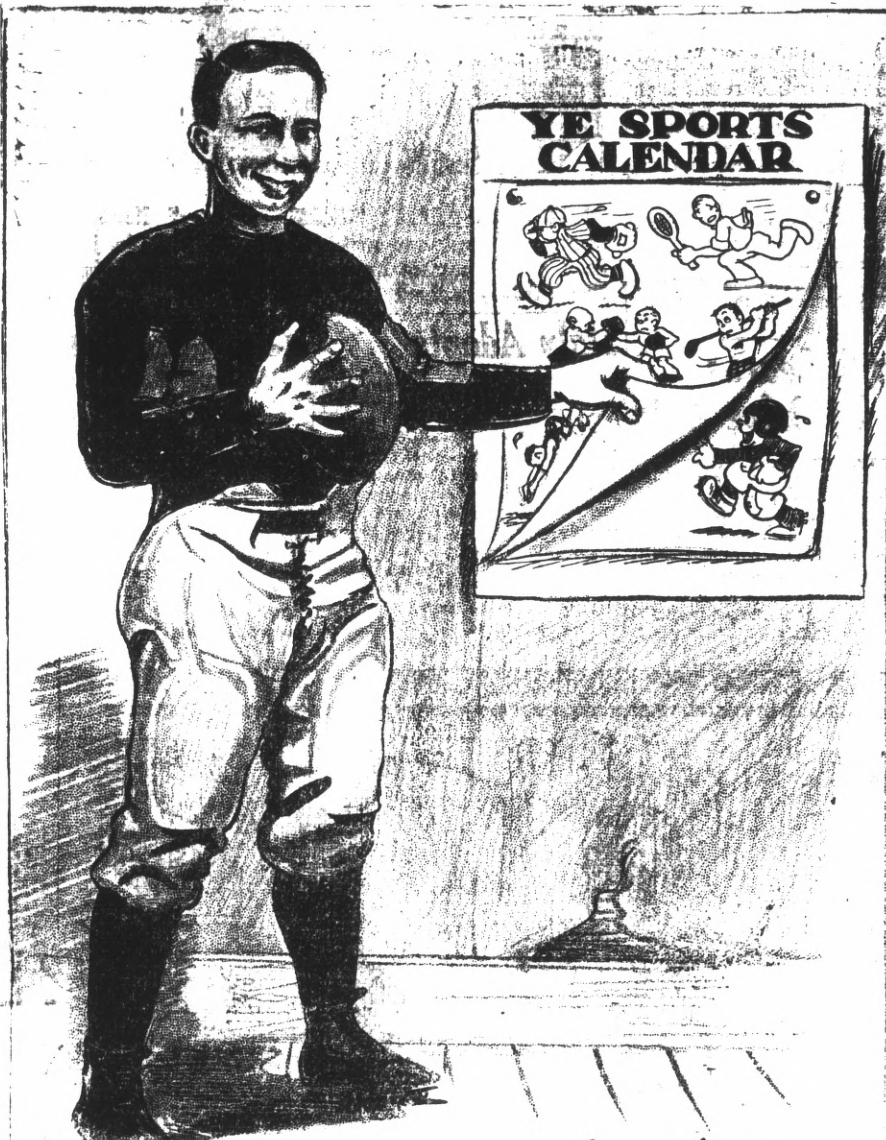

OUT OF SLUMP
The Yankees arose from their slump the day after they were knocked from the top and regained their lead Sunday, Sept. 9, by beating the Athletics twice before 85,000 fans.

The Long, hard haul up the American League standings during July took the heart out of the Athletics and then they were crushed when the Yankees beat them three straight.

Going west with a game and a half lead, the badly crippled Yankee ball club overcame all obstacles to add another pennant to those won in 1921, 1922, 1923, 1926 and 1927.

WRECKED CLUB
The Yankees staggered home with the worst wrecked ball club in recent history. Cy Moore, star of the 1927 pitching staff, is at his home in Oklahoma with a sore arm. Herb Pennock, the southpaw wizard, has been out of the game for weeks with neuritis in his shoulder and arm. Babe Ruth has been playing on a badly wrecked knee. Mark Koenig has an injured shoulder and has remained in the game on his sheer

KING FOOTBALL TAKES THRONE TODAY

They're off.
California's Golden Bear will rise in its tracks this afternoon and take one good healthy swat at the University of Santa Clara gridiron squad.

What will happen after that, only the gods of chance and sports will be able to determine before the timekeeper's parting shot ends the game.

Football will be officially welcomed back home this afternoon. Although several minor games have been played in the past few weeks, the big teams get into action today for the first time.

And while Santa Clara and the Golden Bear are settling their differences on the field, Stanford will be tackling the Winked O. This also promises to be a torrid session for both teams as they are declared to be in the pink of condition, despite the fact that it is still early in the season.

Tomato Weighs Pound And Half

HOUSTON, Tex., Sept. 28.—(U.P.)—A tomato weighing a pound and a half and measuring 15 inches in circumference was grown here by Mrs. F. M. Wilsie. Two other tomatoes were only slightly smaller. The three weighed total of more than three pounds.

nerve. Earl Combs is out of the game with a sprained wrist. Joe Dugan has been out of the lineup for weeks because of ill health and injuries.

The Yankees had the heart and the Athletics didn't. So Connie Mack's young ball club which had fought its way to the top in one of the greatest pennant drives of all time only to falter when it neared the end of the rainbow, must wait until next year to seek Philadelphia's first American League pennant since the tall tactician broke up his \$100,000 in field in 1914.

LOCAL NIMRODS READY FOR DUCKS

Ducks started flying higher and faster today and indications are that they will continue to increase their speed as they look down and watch Richmond hunters preparing for the opening of the season at sunrise Monday morning.

Innumerable Richmond hunters were seen yesterday shining up the old shooting irons and getting out decoys in preparation for an early start. Several parties are already on their way to their favorite hunting grounds while others are planning to get started tonight and tomorrow in order to be on the job early.

According to early reports reaching this city from favorite haunts the shooting should be good this year provided the weather man looks kindly upon the nimrods.

HIGH GRIDDERS MEET FREMONT

Richmond high school football rooters will accompany the football squad this afternoon when they journey to Oakland for their battle with the Fremont high school eleven. This is the fourth game of the season for the local gridders and although they are looking for a tough battle they hope to carry off the laurels.

The showing made by the Richmond squad during the last few games in which they managed to collect heavy score is taken as an indication by followers that they will win the battle today.

HOTEL CARQUINEZ

Arrivals at the Hotel Carquinez yesterday, were: Mr. and Mrs. G. C. Johnson of Seattle and Mr. and Mrs. O. H. Pearson of Davis.

MAIN EVENTERS CONTRA COSTA CUP TOURNEY MAKE POOR SHOWING

The main event on Joe Rossi's card at El Cerrito last night ended in a draw. In other fights that would mean that both scrappers did their stuff, but in the bout between Fred Cullen of Omaha and the tar baby, Frisco McGale, of San Francisco, it means that both were equally bad.

It was undoubtedly one of the worst main events ever staged in the El Cerrito pavilion. Neither showed action and the crowd was glad when the ten rounds ended.

But the semi windup was different. Joe Limas of El Cerrito and Eddie Doody of San Francisco staged a return six-round bout that was filled with plenty of action. It ended in a decision going to Doody, winner of the former bout, but a draw might have been just as good a verdict.

The curial-raiser was terrible. Charlie Acts of Richmond quit in the third round, giving Bert Meyers of San Francisco a technical knockout.

Pancho Villa of Oakland and Al Robinson of San Francisco put up a good fight, ending in a draw. Jose Villacorte, substituting for Mickey Cone of Los Angeles, was knocked out in the fourth round of a scheduled six with Jimmy Norman of San Francisco. It was Johnnie's bout throughout. He knocked Jose down in the second but the bell rang to prolong the fight.

Eddie Burns of San Francisco refereed. Road had a real event lined up for next Friday: Pedro Jones and Henry Chaves clash. This bout ought to be as good as the main event last night was bad for both are scrapping fools. Benny has a flock of victories to his credit and has been in Los Angeles. Pedro is no slouch. So fans should get their money's worth.

RICHMOND MAN BACK FROM U.S. SHOOT

Richmond's representative to the national rifle matches at Camp Perry, Ohio, returned last week after three weeks of interesting work. He was Fred Dunning, 708 Chausser avenue, an employee of the Standard Oil company and a member of the Standard Oil Rod and Gun club. Dunning was one of the 10 civilians selected by Brig. Gen. R. E. Mittelstaedt, adjutant general of the state of California, to represent this state at the meet.

An instructor's certificate for rifle fire and hand to hand fighting was presented to Dunning by the school for civilians who taught at the first week of the meet.

During the second week, individual and team rifle matches were staged. At this time Dunning made one of the best scores of his career. Firing on the 900 yard range, fifteen rounds rapid fire, Dunning scored 71 points out of a possible 75.

The final week was devoted to divisional matches. In this event the California team took sixth place. The United States Marine corps placed first and the Navy took second prize. The U. S. Cavalry team took third place.

Members of the state team included:

Lester A. Pope, team captain, Los Angeles.

Charles O. Franzen, principal, Los Angeles.

Dr. Elmer E. Kinnack, principal, Los Angeles.

John H. Perozzi, principal, San Luis Obispo.

Frederick Dunning, principal, Richmond.

Henry C. Wright, principal, Fresno.

'MODIFICATION' OF DRY LAW HIT RITES TODAY FOR INFANT

Continued From Page One
tion of the rights of the states in any particular state does its duty faithfully the United States would have little need of doing any police duty within such a state. Unfortunately one of our great states under the head of its governor has withdrawn its legislative support from this amendment.

This governor is now a candidate for president of the United States and has not only repudiated the platform of his party but in his acceptance speech has proposed the most ridiculous system of nullification of the constitution. He wishes to introduce into any state which wishes it the Canadian system of government groshops which system has boomed many times over the value of brewery stocks in Canada. He does not refer to South Carolina which state tried the Canadian system some eight years and threw it over in disgust after the sale of beer had increased within the state by more than ten-fold.

The idea that a wet president could do no harm is absurd. He appoints not only members of the Supreme Court, but all other U. S. judicial and executive officers. The prohibition amendment, with a wet president, would be crucified on the cross of non-enforcement.

EVENING BANQUET
The evening session was preceded by a banquet for the members of the Baptist Young People's union served in the church parlors by the members of the Plus Ultra class of the church headed by Mrs. Thomas Woods. The program had for its theme: "Young People as the Light of the World." Rev. John W. Bailey of the Berkeley Divinity school was (coastmaster and talks were delivered by the members.

Attendance banners were awarded by the Elmhurst Baptist church in the senior division and to the Melrose Baptist church in the junior division.

OFFICERS NAMED
Officers elected were: Paul Kroll of San Francisco, president; Philip Meads of Oakland, first vice-president; William Nielsen of San Francisco, second vice-president; William Rudge of San Francisco, third vice-president; Mildred Williams of Oakland, fourth vice-president and Clayton D'Arcy of Richmond, fifth vice-president.

Elizabeth Delos of Oakland was chosen recording secretary and Awilda Patterson of Oakland, corresponding secretary. Rodney Williams of Oakland is treasurer and Elizabeth Travis of San Francisco, editor of the Broadcaster.

In the place of Dr. George W. Phillips who was unable to attend yesterday afternoon, Dr. James A. West of San Francisco delivered the address. Others taking part on the program were: Rev. Stanley A. Hunter, pastor of St. Johns Presbyterian church Oakland; Dr. C. M. Hill, president of the Berkeley Baptist Divinity school and Rev. Charles E. Wells, pastor of the Twenty-third avenue Baptist church, Oakland.

NIGHT PROGRAM
Speakers on last night's program which was in charge of the young people were Dr. T. S. Liu, principal of the Hio Woh school in San Francisco; Dr. W. Earl Smith, executive secretary of the San Francisco Bay Cities Baptist union and B. S. Mattu, recent Hindu convert.

Rev. W. Earl Smith reported on the Baptist World alliance at the morning meeting. Dr. Dryden L. Phelps, returned missionary, graphically described missionary work in Tibet and an address was delivered by Dr. Frank A. Smith of New York.

STANDARD OIL TO BROADCAST PROGRAMS

A unique plan in broadcasting, comprising the first great concentration of the radio for educational purposes, has been adopted by the Standard Oil company of California. Beginning Oct. 18, the Standard Oil company of California will broadcast over the Pacific Coast network of the National Broadcasting company every Thursday morning a musical lecture, intended primarily for the schools of the Pacific coast. Each Thursday evening the Standard Symphony orchestra will play in an hour.

Hitherto the orchestra has played on Sunday evenings. The morning lecture will describe the compositions to be played in the evening. The composers will be discussed, and students will be told in detail with illustrations by instrumentalists, of what the composer tries to achieve, and how he does it. The lectures will be considerably more than descriptive in that the principles and technicalities of music will be fully developed. By this plan it will be possible to give a course in musical education unobtainable by most schools in any other way.

The movement has had the approval of many educational authorities on the Pacific Coast, and the plan was perfected in cooperation with Samuel J. Hume, director of vocational activities of the California Department of Education.

A course of 36 lectures has been developed by Arthur S. Garbett of the National Broadcasting company who is a notable musical expert. The course is divided into six main sections—American music; Austro-German classics; Russian; Scandinavian and Polish; French and Italian; operatic influences; and Romantic 19th century musical developments. Six lectures will be devoted to each of these major topics. There will be a lecture on one of the main topics every six weeks.

For schools not equipped with radio sets the lectures will be issued in printed form for use by music teachers.

Rites Held For Leander Johnson

Funeral services for Leander Johnson, 40, 529 Pomona avenue, Albany were held yesterday afternoon from the Wilson and Kratzer funeral parlors in Richmond. Rev. Albin Oksstrom of the Berkeley Lutheran church officiated. Interment was in Sunset View cemetery.

Johnson who lived in Richmond until a short time ago was engaged in the house moving business for the last 25 years. In addition to his widow, Mrs. Emma Johnson, the deceased is survived by the following sons and daughters: Hilma, Signe, Herbert, Hugo, and Hervine, all of Albany and Hilmer of Sweden.

to the Northern California Development company, headed by years ago, the supervisors of Otto Freymouth of San Francisco, to compel the county board of supervisors to submit a franchise for a bridge across the Carquinez straits to an initiative Bridge company. A second and third application were also turned down by the board of supervisors.

An appeal was taken to the state supreme court which in handing down its decision held that the company had not been sufficiently specific in its application to meet the requirements of the state law.

This decision placed the legal status of all existing franchises of ferries and wharves operated by corporations in doubt and a rehearing was asked by both sides in the controversy.

Pipe Company Suspends Work

Temporary suspension of manufacturing by the Valley Concrete Pipe company at Stege Junction is reported although distribution of finished products from the local plant is still in progress. Whether production by the company will be started again at an early date could not be learned from officials yesterday.

The company started operation at the plant early in 1928. The temporary suspension will not become permanent, it is generally believed here.

TRUST CHARGES FILED AGAINST PRODUCERS

WASHINGTON, Sept. 28.—UP—Anti-trust proceedings have been filed against eight leading motion picture producers and the West Coast theatres, incorporated, of Southern California, the Justice Department was advised today. Distributors and producers named including Paramount Famous Lasky corporation, Metro-Goldwyn Mayer distributing corporation, First National Pictures, Universal Film exchange, United Artists corporation, Fox Film corporation, Viagraph and the Pathe.

The West Coast Theatres operates 100 motion picture theatres in Southern California. The West Coast Theatres and distributors were charged with engaging in a conspiracy to exclude independent exhibitors from contracting for motion picture films to exhibit for or second run or first suburban run in Los Angeles and other southern California cities.

The information filed also charges the West Coast theatres and the producers with engaging in a conspiracy to prevent other theatres from competing with the West Coast company.

The West Coast company was said to have prepared a schedule by which producers would release motion pictures to theatres outside the corporation. The proceedings were filed in the United States District Court for the Southern division of the Southern district of California.
